1 **IMPORTANT:** For Paraplus remove the Louver before installing fixture into ceiling system (by others). To remove the Louver, depress one side of the Louver to clear the Hinge Pin and pull the Louver towards you. Rotate the Louver upwards and remove from the Hinge Pins on the opposite side of the Housing.

2 **Access Plate for CF/PP**
Remove Access Plate (snaps in and out of position). Bend Housing Tab up to attach ground screw to green screw on the Housing Tab. Then bend Housing Tab down into the Housing as shown. Install Access Plate.

3 **Access Plate for Mini-Beam (MB).**
Remove Access Plate by sliding Access Plate in the direction of Arrow 1. To remove, lift up and slide in the direction of Arrow 2. Bend Housing Tab up out of Housing and make ground and ballast connections. Bend Housing Tab back to original position. Replace the Access Plate by reversing removal procedure.
