SilkSpace

Elevate your spirit & enhance your space

Refreshing illumination for work, study or rejuvenation

Why it's easy to choose SilkSpace

- Optical design and soft, clean aesthetic result in ultra low-glare.[1]
- Contributes to Well Building Standard® certification.[2]
- High spacing to mounting ratio with excellent workplane uniformity.
- Integrated sensors for room-based or networked control come as standard options.
- Flexible choices with three different sizes — 1'x4', 2'x2' & 2'x4' — multiple lumen packages and three different standard color temperatures 3000, 3500 and 4000K.

1 UGR values as low as 16 with a max of <19 for all sizes and lumen packages calculated according to CIE Publ. 117 with spacing to mounting height = 0.25H and reflectance values of 70/50/20 (ceiling/wall/floor) and reference room 4Hx8H.

2 Achieves Well Building Standard® precondition for Electrical light glare control. Reference: Well Building Standard® v1 May 2016 addenda. The Well Building Institute™.

Designing for the people within a space has never been more important. SilkSpace luminaires deliver soft and ethereal yet brilliant environments.

Now you can create spaces that will allow the people within them to focus, learn and recharge without harsh hot spots or glaring reflections.

With a sleek, fully luminous and minimalist aesthetic, SilkSpace discreetly integrates into the ceiling. Innovative LED light guide technology combines with award-winning MesoOptics to deliver a visually comfortable, ultra low-glare luminaire.

When light really matters, trust in SilkSpace.
