

Maxos accessories

9MX056 CP SI

Maxos accessories, Normal, 9MX056 | ACC MAXOS, Silver

The swivel device is a versatile mechanical connecting device for Maxos TL-D and TL5 light-lines and enables variable angles between the light-lines. The minimum angle is 45 degrees. Due to its attractive design it is often used in application areas such as shops, schools and museums. Up to four light-lines can be connected with one swivel device. The housing is made of plastic, with a white or silver coating, and with inner supporting elements made of steel. If needed, the swivel device can accommodate lighting control sensors, loudspeakers, etc. It is pre-mounted with an adjustable quick hanger with a 1.25m steel suspension wire. One dedicated coupling piece (9MX056 CP-SD WH/SI) per trunking section is necessary to connect the trunking to the swivel device. Electrical components for mains feed-through have to be ordered as required.

Product data

Operating and Electrical		Full product name	9MX056 CP SI
Protection class IEC	-	Full EOC	403073210808400
Mechanical and Housing		Local code description	9MX056CPSI
Ingress protection code	-	Order code	910681003326
Accessory colour	Silver	Material no. (12 NC)	910681003326
Net Weight (Piece)	0.584 kg	Local order code	9MX056CPSI
Approval and Application		Numerator – quantity per pack	1
CE mark	Yes	EAN/UPC – Product/Case	4030732108084
EU RoHS compliant	Yes	Numerator – packs per outer box	1
Product Data		EAN/UPC - Case	4030732108084
Order product name	9MX056 CP SI	Product family code	9MX056 [ACC MAXOS]
