Maxos accessories, Normal, 9MX056 | ACC MAXOS

The swivel device is a versatile mechanical connecting device for Maxos TL-D and TL5 light-lines and enables variable angles between the light-lines. The minimum angle is 45 degrees. Due to its attractive design it is often used in application areas such as shops, schools and museums. Up to four light-lines can be connected with one swivel device. The housing is made of plastic, with a white or silver coating, and with inner supporting elements made of steel. If needed, the swivel device can accommodate lighting control sensors, loudspeakers, etc. It is pre-mounted with an adjustable quick hanger with a 1.25m steel suspension wire. One dedicated coupling piece (9MX056 CP-SD WH/SI) per trunking section is necessary to connect the trunking to the swivel device. Electrical components for mains feed-through have to be ordered as required.

Operating and Electrical

Protection class IEC	-
----------------------	---

Mechanical and Housing

Ingress protection code	-
Accessory colour	-

Net Weight (Piece)	0.220 kg
--------------------	----------

Approval and Application

CE mark	Yes
EU RoHS compliant	Yes

Product Data

Order product name	9MX056 CPI
Full product name	9MX056 CPI

Full EOC	403073210809100
Local code description	9MX056CPI
Order code	910681003526
Material no. (12 NC)	910681003526
Local order code	9MX056CPI
Numerator – quantity per pack	1
EAN/UPC — Product/Case	4030732108091
Numerator – packs per outer box	1
EAN/UPC - Case	4030732108091
Product family code	9MX056 [ACC MAXOS]
