

Maxos accessories

9MX056 BC49 SI

Maxos accessories, Normal, 9MX056 | ACC MAXOS, Silver

The swivel device is a versatile mechanical connecting device for Maxos TL-D and TL5 light-lines and enables variable angles between the light-lines. The minimum angle is 45 degrees. Due to its attractive design it is often used in application areas such as shops, schools and museums. Up to four light-lines can be connected with one swivel device. The housing is made of plastic, with a white or silver coating, and with inner supporting elements made of steel. If needed, the swivel device can accommodate lighting control sensors, loudspeakers, etc. It is pre-mounted with an adjustable quick hanger with a 1.25 m steel suspension wire. One dedicated coupling piece (9MX056 CP-SD WH/SI) per trunking section is necessary to connect the trunking to the swivel device. Electrical components for mains feed-through have to be ordered as required.

Product data

Operating and Electrical		Packaging Recyclable content ratio	
Protection class IEC	-	Packaging Material	Cardboard
Mechanical and Housing		Product Data	
Ingress protection code	-	Order product name	9MX056 BC49 SI
Accessory color	Silver	Full product name	9MX056 BC49 SI
Net Weight (Piece)	0.240 kg	Full product code	403073260158599
Approval and Application		Order code	910683001726
CE mark	Yes	Material Nr. (12NC)	910683001726
EU RoHS compliant	Yes	Numerator - Quantity Per Pack	1
Sustainability Data		EAN/UPC - Product/Case	4030732601585
Non-virgin material ratio of the packaging	Cardboard > 80% recycled	Numerator - Packs per outer box	5
		EAN/UPC - Case	4030732205677
		Product family code	9MX056 [ACC MAXOS]
