## 9MX056 BC49 SI

Maxos accessories, Normal, 9MX056 | ACC MAXOS, Silver

The swivel device is a versatile mechanical connecting device for Maxos TL-D and TL5 light-lines and enables variable angles between the light-lines. The minimum angle is 45 degrees. Due to its attractive design it is often used in application areas such as shops, schools and museums. Up to four light-lines can be connected with one swivel device. The housing is made of plastic, with a white or silver coating, and with inner supporting elements made of steel. If needed, the swivel device can accommodate lighting control sensors, loudspeakers, etc. It is pre-mounted with an adjustable quick hanger with a 1.25m steel suspension wire. One dedicated coupling piece (9MX056 CP-SD WH/SI) per trunking section is necessary to connect the trunking to the swivel device. Electrical components for mains feed-through have to be ordered as required.

### Product data

Operating and Electrical	
Protection class IEC	-
Mechanical and Housing	
Ingress protection code	-
Accessory colour	Silver
Net Weight (Piece)	0.240 kg
Approval and Application	
CE mark	Yes
EU RoHS compliant	Yes
Product Data	
Order product name	9MX056 BC49 SI

Full product name	9MX056 BC49 SI
Full EOC	403073260158599
Local code description	9MX056BC49SI
Order code	910683001726
Material no. (12 NC)	910683001726
Local order code	9MX056BC49SI
Numerator – quantity per pack	1
EAN/UPC – Product/Case	4030732601585
Numerator – packs per outer box	5
EAN/UPC - Case	4030732205677
Product family code	9MX056 [ACC MAXOS]
