

Maxos accessories

9MX056 EP SI SET

Maxos accessories, Normal, 9MX056 | ACC MAXOS, Silver

The swivel device is a versatile mechanical connecting device for Maxos TL-D and TL5 light-lines and enables variable angles between the light-lines. The minimum angle is 45 degrees. Due to its attractive design it is often used in application areas such as shops, schools and museums. Up to four light-lines can be connected with one swivel device. The housing is made of plastic, with a white or silver coating, and with inner supporting elements made of steel. If needed, the swivel device can accommodate lighting control sensors, loudspeakers, etc. It is pre-mounted with an adjustable quick hanger with a 1.25m steel suspension wire. One dedicated coupling piece (9MX056 CP-SD WH/SI) per trunking section is necessary to connect the trunking to the swivel device. Electrical components for mains feed-through have to be ordered as required.

Product data

General Information		Local code description	
Accessory colour	Silver	Order code	10825100
Product family code	9MX056 [ACC MAXOS]	Material no. (12 NC)	910683002126
Approval and Application		Local order code	9MX056EPSISET
Ingress protection code	-	Numerator – quantity per pack	1
Protection class IEC	-	Net Weight (Piece)	0.033 kg
Product Data		EAN/UPC – Product/Case	4030732108251
Order product name	9MX056 EP SI SET	Numerator – packs per outer box	1
Full product name	9MX056 EP SI SET	EAN/UPC – Case	4030732108251
Full EOC	403073210825100
