## 9MX056 BC58 WH

Maxos accessories, Normal, 9MX056 | ACC MAXOS, White

The swivel device is a versatile mechanical connecting device for Maxos TL-D and TL5 light-lines and enables variable angles between the light-lines. The minimum angle is 45 degrees. Due to its attractive design it is often used in application areas such as shops, schools and museums. Up to four light-lines can be connected with one swivel device. The housing is made of plastic, with a white or silver coating, and with inner supporting elements made of steel. If needed, the swivel device can accommodate lighting control sensors, loudspeakers, etc. It is pre-mounted with an adjustable quick hanger with a 1.25 m steel suspension wire. One dedicated coupling piece (9MX056 CP-SD WH/SI) per trunking section is necessary to connect the trunking to the swivel device. Electrical components for mains feed-through have to be ordered as required.

### Product data

Operating and Electrical		Packaging Recyclable content ratio	
Protection class IEC	-	Packaging Recyclable content ratio	Cardboard recycling rate > 80%
		Packaging Material	Cardboard
Mechanical and Housing		Product Data	
Ingress protection code	-	Order product name	9MX056 BC58 WH
Accessory color	White	Full product name	9MX056 BC58 WH
Net Weight (Piece)	0.260 kg	Full product code	403073253881299
		Order code	910683007926
Approval and Application		Material Nr. (12NC)	910683007926
CE mark	Yes	Numerator - Quantity Per Pack	1
EU RoHS compliant	Yes	EAN/UPC - Product/Case	4030732538812
		Numerator - Packs per outer box	5
Sustainability Data		EAN/UPC - Case	4030732108442
Non-virgin material ratio of the packaging	Cardboard > 80% recycled	Product family code	9MX056 [ACC MAXOS]
