

## LL550E MPH Gen2 WH

910925870978

## Maxos unify, Accessory

An adaptable LED trunking system, combining the well proven advantages of an electrical track which allows flexible positioning of linear panels offering multiple flux/ length combinations with specially designed lenses to direct the light where needed. A solution allowing for new projects to be designed with optimal number of linear panels and a solution for retrofitting old installations - Bringing your application right up to date with the latest lighting possibilities. Now, and in the future.

### General Information

|              |               |
|--------------|---------------|
| Value ladder | Specification |
|--------------|---------------|

### Operating and Electrical

|                      |                |
|----------------------|----------------|
| Input Voltage        | 222 to 240 V   |
| Line Frequency       | 50 to 60 Hz    |
| Protection class IEC | Safety class I |

### Mechanical and Housing

|                                     |                         |
|-------------------------------------|-------------------------|
| Overall length                      | 213 mm                  |
| Overall width                       | 96 mm                   |
| Overall height                      | 111 mm                  |
| Dimensions (Height x Width x Depth) | 111 x 96 x 213 mm       |
| Material                            | Steel                   |
| Ingress protection code             | IP20 [Finger-protected] |
| Mech. impact protection code        | IK02 [0.2 J standard]   |
| Accessory color                     | White                   |
| Net Weight (Piece)                  | 0.800 kg                |

## Approval and Application

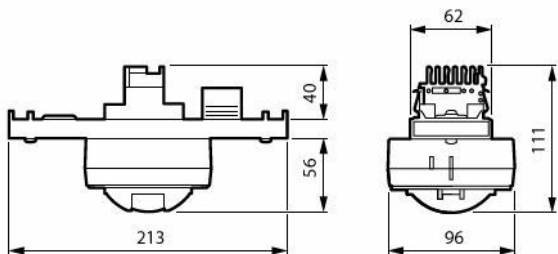

|                   |     |
|-------------------|-----|
| CE mark           | Yes |
| EU RoHS compliant | Yes |

## Product Data
