Accessory, Grey

Philips CoreLine panel Gen6 delivers on the CoreLine promise of innovation, easy installation and excellent illumination. Designed as a direct replacement for functional luminaires in general lighting applications, this LED panel light’s innovative All-in feature offers a choice of three lumen packages and three colour temperatures in a single luminaire. This simplifies product selection, enables you to adapt to customer preferences on site, and reduces the number of product codes required in stock. Installing the CoreLine RC132V LED panel is quick and easy, using the product’s quick connector or flywire. The CoreLine range includes Interact Ready luminaires with integrated wireless communications, ready to be used with Interact gateways, sensors, and software.
