

Plaster Ceiling Accessory

RC159Z Plaster Ceiling SMB-PLC

Accessory, Gray

Plaster Ceiling Clips (PCV) provide a secure, efficient and visually integrated solution for installing compatible recessed luminaires into plasterboard ceilings. Designed specifically for solid and plaster based ceiling structures, the clips ensure stable mechanical fixation without the need for additional ceiling frames or complex mounting hardware. Their precise fit and engineered clamping force keep the luminaire firmly in place while enabling a clean, flush appearance that maintains the aesthetic integrity of the ceiling plane. Compatible with several recessed luminaire families, including SlimBlend, CoreLine Panel Gen6 and Ledinaire Panel Gen5, the clips allow installers to confidently integrate recessed luminaires into areas where traditional T grid or modular ceilings are not available. Thanks to their simple and intuitive installation method, Plaster Ceiling Clips reduce installation time and eliminate unnecessary steps on site, making them ideal for renovation and new build projects alike. They deliver dependable long term performance with durable materials tested to Signify quality standards. Always consult the installation instructions of the selected luminaire family to confirm compatibility and ensure correct installation in plasterboard ceilings.

Warnings and Safety

- Always verify ceiling suitability and follow the installation instructions for both the clip and the luminaire.
- Ensure the plasterboard structure can support the mounted luminaire safely.
- Installation must be performed by qualified personnel and in accordance with local building regulations.
