

Signify group cabinet control

LFC7550 AmpLight RS485

Signify Group Cabinet Control enables remote grouping, monitoring, and controlling of diverse outdoor luminaires. Customers can control their lighting installations, through a retrofitted modular cabinet solution at the electrical cabinet. Supports optimized energy consumption and manages KPIs better. The solution autonomously executes complex tasks based on the configurations. The Controller can automatically switch between different available communications carriers to provide stable and reliable communications to Interact application(s).

Warnings and Safety

- Refer to Documentation portal for all technical documents (<https://www.sns.portal.signify.com/internal/index.html/>);
- Check the local LTE band applicable before placing an order for the controller;
- No UL certification in Gen3+ controller and modules;
- Update forecast for Gen3+ in Koolog tool to ensure on-time delivery for projects

Product data

Mechanical and Housing		Material Nr. (12NC)	
Net Weight (Piece)	0.050 kg	Numerator - Quantity Per Pack	1
Product Data		EAN/UPC - Product/Case	8727900947663
Order product name	LFC7550 AmpLight RS485	Numerator - Packs per outer box	60
Full product name	LFC7550 AmpLight RS485	EAN/UPC - Case	8727900947670
Full product code	872790094766300		
Order code	913700341503
