

Wireless connectivity for outdoor lighting control. A device that transforms any streetlight into an individually controllable and remotely managed luminaire.

RF Mesh is a networked controls system based on two-way wireless communication using the latest mesh network technology. The system enables individual light points to be controlled remotely and to be managed via online platforms. Lighting operators can control remotely the outdoor lighting infrastructure setting dimming levels to achieve considerable energy savings and can get real time feedback from the luminaires reducing operating and maintenance costs via accurate scheduling of on-site maintenance service tasks, while improving both the quality and reliability of outdoor lighting.

Mechanical and Housing

Net Weight (Piece)	0.052 kg

Product Data

Order product name	LCN7344/00 RF Mesh Wireless SC RF mod
Full product name	LCN7344/00 RF Mesh Wireless SC RF mod
Full product code	871951428105900
Order code	913701056103

Material Nr. (12NC)	913701056103
Numerator - Quantity Per Pack	1
EAN/UPC - Product/Case	8719514281059
Numerator - Packs per outer box	12
EAN/UPC - Case	8719514281066
