# Reliable non-maintained emergency light twin-head

## Emergency Light LED Twin-head

Safety is important for building owners, and therefore having proper emergency lighting in place is a major concern for them. The Emergency twin-head EM120C offers an easy solution for stand-alone emergency lighting, with non-maintained mode and self-test function.The lithium battery (LiFePO4) has many advantages over nickel-based products, as it has a longer lifetime, better discharge behaviors, is produced in a more welfare friendly way and can be recycled.

### Benefits

- Welfare friendly solution versus nickel-based products as the battery can be recycled
- Lithium based battery type provides longer lifetime, low self-discharge and high temperature tolerance.

### Features

- 3 hours battery duration when full charged
- Self-test function
- LFP is designed environmentally friendly.
- Non-maintained mode

### Application

- Airports
- Offices
- Retail
