

# Uni Posttop: Urban street light targets at residential areas, pathways, plazas, etc.

# **Uni Posttop**

The modern shaped post top attracts customers' attention with its unique, streamlined design. The fixture distributes soft and homogeneous light to pathways, residential areas thanks to the application of the reflector. Various quality test based on Philips standards offers robustness not only to its design but also functionality, delivering table and outstanding performance to customers.

### **Benefits**

- Modern streamlined design fits various application scenarios, i.e., residential areas, pathways, plazas.
- · Robust design ensures both appearance classy and quality stability.
- · Soft lighting due to the application of alumina reflector.

### **Features**

- $\cdot$  Excellent thermal management
- $\cdot$  Optimized optics for efficient and comfortable lighting levels
- $\cdot$  Injection die-casting aluminum body
- · High- quality PC diffuser

# **Uni Posttop**

# **Application**

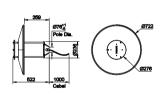

- · Road and Street
- · Parks and Plazas
- Residential
- Main urban roads and streets, side and residential roads and streets
- · City centers and historical areas
- $\boldsymbol{\cdot}$  Cycle and pedestrian paths, squares, parks and playgrounds

### Versions

BDS400
