NatureConnect skylight

119794564

Best retrofit daylight experience with sky and optimal functional illumination

Easy to place in the grid or combine with accessories for easy installation. It consists of a "Sky & Sun" part, that fulfills the decorative function of an artificial skylight and a "Daylight" part, that provides the functional light. Combined with the NatureConnect link or scene set it mimics daylight by simulating the sun's daily patterns, using light recipes that boost energy levels and help indoor spaces feel in sync with nature. Designed for flexible mounting: recessed or suspended/plaster ceiling with accessories.

Benefits

- Easy retrofit experience.
- People working in windowless spaces miss daylight less.
- Mimic the daily rhythm of natural daylight with high-quality, office-compliant, functional lighting.
- Dark areas show 50% higher occupancy.

- NatureConnect link/scene sets synchronize all luminaires and is compatible with Interact/DALI/Dynalite.
- Suitable for recessed and suspended installations.
