

CitySoul LED gen2: a versatile identity

CitySoul gen2 LED Large

CitySoul LED gen2 is one of our most versatile and iconic luminaires, designed to bring elegance, efficiency, and ambience to every cityscape. Its rounded, minimalist form with seamless bracket transitions creates a coherent identity across residential areas, main roads, and vibrant city centers. This modular family offers multiple sizes, mounting, and bracket options—giving lighting designers the flexibility to adapt to any urban environment without compromising on aesthetics. Powered by our proven LEDGINE-O platform and now enhanced with the innovative LEDGINE-P for even higher efficacy, CitySoul LED gen2 delivers the right light, exactly where it's needed. Application-specific optics ensure safety, comfort, and reduced energy use, while dedicated light recipes preserve dark skies and support healthier ecosystems. With one or two System Ready (SR) sockets, CitySoul LED gen2 is fully prepared for connected lighting and advanced control platforms such as Interact, helping municipalities unlock further energy savings, operational insights, and long-term sustainability.

Benefits

- One coherent, integrated design concept for luminaires, brackets and poles
- The latest LEDGINE-P platform delivers even higher efficacy, enabling municipalities to significantly reduce operating costs
- Future-proof thanks to SR socket compatible with standard and advanced lighting controls
- Preserves natural darkness and protects night-time environments
- Service tag for easy installation and maintenance

CitySoul gen2 LED Large

Features

- Compatible with existing CitySoul pole and bracket ranges
- A broad range of elegant, dedicated and complete sets, including poles and brackets, a tiltable option, double post-top and catenary versions
- Efficacy up to 180 lm/W (depending on configuration)
- Protecting dark skies with ClearStar and warm, DarkSky-approved CCTs (1800–2200K, 2700K, 3000K), excluding rotatable mounting options (PA, SJ, P, W)
- Easy maintenance on site

Application

- City centers
- Parks and plazas
- Road and street
- Commercial districts
