Stand-alone 3-hour Interact-ready emergency downlights

Emergency Downlight Wireless

New wireless emergency downlight portfolio and monitoring system, enabling building managers to control, monitor and test emergency lighting

Benefits
- Achieve compliance through proof testing
- Save time and money on installation and maintenance
- Effortlessly monitor and manage general and/or emergency lighting in one dashboard

Features
- Emergency wireless downlights and the Interact Building Manager system regulate and offer insights into emergency lighting testing with a secure cloud-based dashboard
- Allows building managers to maintain emergency lighting, automate testing and ensure regulatory compliance
- Having general and emergency lighting under one dashboard enables cost savings and efficient maintenance and monitoring of an entire lighting system

Application
- Exit & emergency
- Offices
- Retail
- Hospitality

Emergency Downlight Wireless
