

# 3 hours compliant exit sign emergency light

## Emergency Light LED Exit Sign

Safety is important for building owners, and therefore having proper emergency lighting in place is a major concern for them. The Emergency exit sign offers an easy solution for stand-alone emergency lighting, with maintained mode and various installation methods which are suitable for different applications. The lithium battery (LiFePO4) has many advantages over nickel-based products, as it has a longer lifetime, better discharge behaviors, is produced in a more welfare friendly way and can be recycled.

### Benefits

- Welfare friendly solution versus nickel-based products as the battery can be recycled.
- Lithium based battery type provides longer lifetime, low self-discharge and high temperature tolerance.

### Features

- 3 hours battery duration when full charged
- Self-test function
- LFP is designed environmental friendly
- Maintained mode
- Safety & reliable

### Application

- Airports
- Offices
- Retail

### Specifications
