KC Brackets

The KC bracket is functional, adjustable and will fit any type of landscape with the utmost discretion. Its minimalistic design is timeless. Furthermore, five different bracket lengths allow various configurations to provide efficient lighting through any urban constraint.

Benefits

- Compatible with our Accante range of conical poles
- Compatible with all Philips standard and advanced public lighting systems

Features

- Available through single arm, double arm, pole-mounting and wall-mounting versions
- Length range: 200, 500, 1000, 1500 or 2000mm
- Luminaire fixing: side-entry

Application

- Roads and streets
- City centers, commercial districts
