

New standard in trunking

Maxos unify

An adaptable LED trunking system, combining the well proven advantages of an electrical track which allows flexible positioning of linear panels offering multiple flux/ length combinations with specially designed lenses to direct the light where needed. A solution allowing for new projects to be designed with an optimal number of linear panels and a solution for retrofitting old installations – Bringing your application right up to date with the latest lighting possibilities. Now and in the future.

Benefits

- Simple retrofit of 'old' Maxos and TTX400 electrical units with significant energy savings using the UE portfolio
- Upgrade to Interact systems to unlock greater savings
- Flexible trunking infrastructure with a solution for all electrical scenarios and more
- Reliable and long-lasting performance across the full offer

Features

- Simplified panel offer → 1.5 m and 2.25 m constructed from modular components.
- High efficacy up to 200 lm/W in UE range
- Lumen maintenance L85 100,000 hrs across the range
- Dedicated sensor units to upgrade to Interact system propositions

Application

- Food and large retailers
- Manufacturing
- Warehouses

Versions

Maxos unify panel for 4MX656
trunk white

Maxos unify panel 2215mm for
track white

Product details

Maxos unify optical design

General Information

Driver included	Yes
Number of gear units	Unit

Light Technical

Beam angle of light source	120 degree(s)
Correlated Colour Temperature (Nom)	4000 K
Colour rendering index (CRI)	>80

Operating and Electrical

Protection class IEC	Safety class I
Input Voltage	220-240 V
Line Frequency	50 to 60 Hz
Suitable for random switching	Not applicable

Controls and Dimming

Dimmable	Yes
Maximum dim level	1%

Mechanical and Housing

Mech. impact protection code	IK02
Ingress protection code	IP20

Emergency Operation

Central Emergency	No
-------------------	----

Approval and Application

Ambient temperature range	-20 to +35 °C
CE mark	Yes
ENEC mark	ENEC mark
Flammability mark	For mounting on normally flammable surfaces
Glow-wire test	Temperature 850 °C, duration 30 s

Initial Performance (IEC Compliant)

Initial chromaticity	(0.34, 0.35) SDCM <3
Luminous flux tolerance	+/-7%

Light Technical

Order Code	Full Product Name	Luminous efficacy (rated) (nom.)	Luminous Flux	Optic type
