LED

Pure, polished, precision...

The ultimate family of cylinders for all your layers of light

You told us you needed beautiful lighting with a high level of fit, finish and flexibility to overcome the challenges posed by exposed ceilings in retail and hospitality environments. You asked for a complete multi-mount family with easy installation for compressed timelines in office and hotel spaces.

You wanted choice including direct/indirect, downlight, wall wash and adjustable accent combined with a myriad of mounting choices that include solid or cable pendant, wall mount, ceiling mount, dual cable mount and stem mount. Lightolier listened, and we are stoked to bring you Calculite precision cylinders... everything you asked for and more.

Designed with designers in mind

- The largest array of cylinder options in the US market.
- Available in RAL colors or white, aluminum, and black finishes.
- Complementary design and finish to OmniSpot track family.
- Line expansion provides simplest choice to specify projects.
- Full line of downlights, wall wash, and accents.
- Wide distribution allows for greater spacing.
- Suspended cable mount provides independent control of direct and indirect light
- Expands on 2SDCM color consistency between Calculite and OmniSpot families.

C3C Calculite

3" Cylinder (round aperture)

with Cable

with Stem

Adjustable Accent Surface mount	**Downlight & Wall Wash** Surface mount	**Up/Down Downlight & Wall Wash** Wall mount	**Downlight & Wall Wash** Wall mount	**Downlight & Wall Wash** Pendant mount	**Adjustable Accent** Pendant mount	**Up/Down Suspended** Pendant mount

Features

Lumens: up to 2000
CRI: 90 (min)
CCT: 2700K–4000K & D2W options
Lifetime: 50,000 hrs (L70)
Warranty: 5 year

Fixture

1. Pendant Stem (PS) mountings need to be ordered with a suspended stem kit accessory for pendants.
2. Downlight (DL) and Suspended Direct/Indirect (SU_UD) styles need to be ordered with one Reflector. Wall Mount Direct/Indirect (WUD) styles need to be ordered with two Reflectors.
3. Nominal lumens shown is total luminaire, divided equally up and down. Up and down for WUDW & WUD styles are controlled on a single circuit. SU_UD styles are controlled on separate circuits.
4. Available in white (W) or black (B) finishes only with Z10 or ELV1 dimming only.
5. PCS/PCM/PCL mounting includes cable with matching finish to cylinder. RAL cylinder finish will be with a black cable.
6. RAL standard colors can be specified upon request. Add RAL standard code to (RALxxxxx).

Note: Please reference C3C specification sheet for more information on Reflectors, Optics and Accessories.
