MEDM Adaptive Phase Dimmer

The Diginet MEDM Adaptive Phase Dimmer is designed in Australia to provide optimised dimming of LED based lamps and drivers, this high quality, two-wire phase control wall plate dimmer has a minimum load rating of 2W, allowing it to adapt to a wide range of available LED drivers. Although optimised for LED lighting loads, this dimmer also provides excellent compatibility with other common lamps types such as incandescent lamps, 12V halogen (dichroic) lamps /transformers and CFL’s.

- Fits Australian wall switch plate apertures
- Maximum load rating of 400w (Minimum 2W)
- Incorporates filtering to reduce load brightness variation and thermal fuse to protect itself against overheating
