## INSTALLATION INSTRUCTIONS: HFP910

### **Read These Instructions Carefully Before Installing This Fixture!**

**ATTENTION:**

All wiring must be done by a qualified electrician.

**WARNING:**

Install, operate and maintain to meet all applicable codes.

**WARNING:**

Make sure that power is disconnected before performing installation and maintenance on this fixture.

**WARNING:**

This fixture is intended to be wired in accordance with the National Electrical Code and local code specifications. Failure to adhere to these codes may result in serious personal injury.

#### Installation Steps:

1. Make sure that power is disconnected.
2. Make wire connections from pole to outwires at bottom of arm.
3. Slip arm assembly onto pole tenon (3" O.D. x 9" tall). Be careful not to pinch wires.
4. Rotate arm assembly to desired orientation.
5. Tighten (9) factory installed 3/8" hex head bolts to pole tenon.
6. Attach luminaire adaptor (Hadco TFHAM recommended) and/or luminaire to end of arm assembly per manufacturer's instructions.
7. Reconnect power supply.
