Breaking new ground with optimal versatility

Hadco FlexScape LED inground luminaire IL9 opens new horizons for low-voltage landscape lighting. It is designed for optimal LED performance and superior flexibility.

The luminaire creates visual interest for pathways, walls, columns and foliage. Its rugged housing installs directly into the soil. In addition to low-energy outdoor lighting, it features convenient on-site beam adjustability. This all-weather luminaire comes with 100% molded silicone gaskets.

Benefits
• Clean lines for a timeless, modern look
• Rugged construction and quality finish
• Ready-to-ship, in-stock products
• Ease of installation
• Flexibility to change light intensity in the field
• Countless lighting outcomes in a single luminaire save time and money
• Innovative zoomable LED Optics allow different beam patterns
