ModuLyte

Benefit from budget-friendly, commercial grade quality downlighting

Frame-optional design architecture and modular optics that can be field or factory-installed, you can be confident that ModuLyte is equipped to support a variety of project conditions.

Meet deadlines and project schedules without the stress by quickly connecting the light engine to its driver via a screw-on Communications Multipurpose Plenum (CPM) cable.

Selectable CCT and lumen output options create peace-of-mind during design and installation. Convenient switches make it easy for contractors to toggle between options to ensure lighting creates the right environment on any project.

Product Highlight

Flexibility at your fingertips
LIGHTOLIER

Product Highlight

Slim, sturdy, and selectable

Day-Brite
CFI

Selectable Troffer (DSRT)

Robust low glare luminaire designed to provide three lumen and three CCT field selectable options per size at 80CRI. Available for use in recessed, suspended, and surface mount applications with optional daylight and occupancy sensor.

DSRT is 120-277V (UNV), with 0-10V dimming, and a 3in deep housing.

Lobby & Meeting Rooms
